Dear Minister Conlon,

Future of Rapid Bay Jetty

We wish to thank you for forwarding a copy of the Rapid Bay Jetty Environmental Impact Assessment to us. It is greatly appreciated.

During the stakeholders' meeting held on the 20th of December 2005, you indicated that the next stakeholders' meeting would be held towards the end of January, to ensure that a commitment could be made in terms of reopening Rapid Bay Jetty before the Government entered the caretaker period.

Minister, it is now mid-February and the next stakeholders' meeting is yet to be called.

We are obviously concerned that the stakeholders' meeting has not been called, and ask that it be held as soon as possible.

We look forward to hearing from you and also look forward to discussing some of the recommendations contained by the Environmental Impact Assessment.

Yours sincerely,

Glenice Galbraith
(Spokesperson, Friends of Rapid Bay Jetty)
